

*Dear Heritage family*

Greetings on completion of 25 years of Heritage Foods.

*Our founder started very small with lofty intensions to serve the farming community through dairy.*

All our small acts multiplied and transformed the communities in the last 25 years, giving priority to reputation over profits.

*Heritage has made an enormous impact on the economic and social fabric of the communities it serves.*

I compliment and congratulate each one of you, for the hard work, commitment and unstinted support.

*Let us maintain the same commitment and spirit to remaining successful in future too without being complacent.*

Our founder has been the most revered figure in the past quarter century, he simply looked ahead and moved forward hearing a billion voices, fulfilling a billion aspirations.

*Let us all strive, thrive, prosper and succeed making him proud.*

Wisheach one of you to be simple, uncomplicated with inner humility and to **BE GRACEFUL, BE USEFUL** to the society.

Warm regards

*Nara Bhuvaneshwari*  
Vice Chairperson and Managing Director
