Harris in race, Trump attacks may worsen

Prosecutor-vs-felon contest may appeal to undecided voters

NEW YORK TIMES
July 23

DONALD J. TRUMP and his political team spent nearly two years tailoring a campaign to defeat an old white male president who is conspicuously frail and who most Americans had told pollsters they doubted could handle another four-year term.

Suddenly, Trump faces a starkly different opponent: a vice president who is a Black woman, nearly 20 years younger, and who brings her own strengths and weaknesses but who adds new uncertainty into what had been a remarkably sta-

tic race. Allies of Harris have already telegraphed that she will run a campaign framed around a "prosecutor versus felon" theme, highlighting her experience as a prosecutor and underscoring the fact that Trump has been indicted in multiple jurisdictions and convicted of 34 felonies.

The prosecutor-versus-felon approach may appeal to undecided voters who had been sour on both Trump and President Biden. It may also goad Trump, who reacts strongly to criticism, into resurrecting the language he has used against

other Black female prosecutors, such as Letitia James in New York and Fani Willis in Georgia, both of whom he has called "racist" & attacked in personal terms.

In a preview of what's to come, Harris made the prosecutor's attack line explicit during an appearance on Monday, describing her hep at the district attorney of San Francisco and the attorney general of California.

US Secret Service director quits after Trump assassination bid

THE DIRECTOR of the Secret Service on Tuesday said she is resigning following the assassination attempt against former President Donald Trump that unleashed intensifying outcry about how the agency tasked with protecting current and former presidents could fail in its commission.

Kimberly Cheatle, who had served as Secret Service director since August 2022, had been facing growing calls to resign and several investigations into how the shooter was able to get so close to the Republican presidential nominee at an outdoor campaign rally in Pennsylvania.

"I take full responsibility for these security lapses," she said in an email to staff. "In light of recent events, it is with a heavy heart that I have made the difficult decision to step down as your director."

Cheatle's departure was unlikely to end the scrutiny of the long-troubled agency after the failures of July 13. —AP

Bangladesh unrest: 123 Malaysians return home

MALAYSIA EVACUATED 123 of its citizens from Bangladesh on Tuesday in response to violent unrest that has killed dozens of people. Home Minister Saifuddin Nasution greeted the evacuees, including 80 students, at the Kuala Lumpur International Airport after they landed on a chartered AirAsia plane.

More than 50 Malaysians opted to stay in the country due to work or study, officials said. A controversial system for allocating government jobs has triggered violent protests in Bangladesh, with clashes between police and mainstream protesters killing more than 100 people, according to local media. There was apparent calm after Bangladesh top court

scaled back the quota in a ruling issued Sunday. The protests have posed the most serious challenge to Bangladesh's government since PM Sheikh Hasina won a fourth consecutive term in January elections

that the main opposition groups boycotted. Universities have been shut off and the government imposed a national curfew, and deployed military forces to maintain order. —AP

bl. 017 BUDGET 2024-25

Economy in fine fettle

Source: MoD, 2023. Includes Govt of India & states.

FACTOIDS

Maiden Budget
India's first Budget was presented by RKS Hanmikka Maheshwari in 1947 to address independent India's economic hardships.

VIEWROOM

NA VEER ARORA is a former member of parliament and a senior leader of the Congress party.

Visionary Budget for 'Viksit' Bharat

The Budget stands as a testament to the Modi government's unwavering commitment to fostering inclusive growth and realising the vision of 'Viksit' Bharat—a developed, self-reliant, and prosperous India by 2047. It reflects a meticulous balancing act between prudent fiscal management and robust economic stimulus, ensuring that every section of society reaps the benefits of our nation's economic growth and progress.

STRENGTHENING INFRASTRUCTURE
One of the most striking aspects is the monumental allocation towards infrastructure development. The Finance Minister announced an 11 per cent increase in capital expenditure, earmarking ₹11.11 lakh crore for infrastructure projects. This infusion is poised to create a triple effect, generating employment, boosting industrial productivity and enhancing the overall quality of life. Significant projects include ₹2.66 lakh crore for rural infrastructure, Phase IV of PMGSY for all-weather connectivity to 25,000 rural habitations, construction of three crore additional houses under the PM Awas Yojana, and new expressways in eastern India. These initiatives are complemented by power projects, the development of industrial nodes, new airports, medical colleges, sports infrastructure, and substantial allocations for urban housing and tourism development. For the steel industry, this

infrastructure is particularly significant as increased demand for steel will bolster domestic production and reduce dependency on imports, strengthening our self-reliance. The Railways received a record ₹2.52 lakh crore for modernisation and expansion. This allocation not only

signifies a commitment to improving transportation and connectivity but also bodes well for the steel industry. The expansion and upgrading of the Railways will drive steel demand, thus benefiting the sector tremendously.

SUSTAINABLE GREEN STEEL
As the world moves towards a low-carbon economy, green steel is gaining traction. The Budget's allocation towards research and development for green technologies in the steel sector is a commendable step. By incentivising the adoption of green steel technologies, the government is fostering innovation and sustainability, helping meet our climate goals and enhancing our global competitiveness. The commitment to fiscal responsibility is evident with the reduction in the fiscal deficit to 4.9 per cent of GDP. This reduction will lead to decreased market borrowing by the government, benefiting private sector capital expenditure borrowings. By maintaining fiscal discipline while also investing heavily in growth-oriented projects, the government is ensuring a stable economic environment conducive to long-term prosperity. The Budget is a forward-looking, growth-oriented financial plan that addresses the needs of various sectors while laying the groundwork for a sustainable and prosperous future. The substantial investments in infrastructure and Railways reflect the government's holistic approach to development.

VOICES

Our growing demands for JIMs, disaster relief packages and interventions for the steel sector have been met with deafening silence.

Fiscal deficit for FY25 set lower at 4.9% of GDP

KEY TASK. Government tacking down debt-to-GDP ratio from FY27

Shikhar Sinha
New Delhi

With recent transfers from the Reserve Bank of India and a strong growth in tax revenues, Finance Minister Nirmala Sitharaman on Tuesday proposed lowering the fiscal deficit for 2024-25 to 4.9 per cent from the 5.3 per cent. With this, the government has also been

The focus is now on reducing the debt to GDP ratio from 2026-27 (4.9-27). From 2026-27 onwards, our endeavour will be to keep the fiscal deficit each year such that the Central government debt will be on a declining path as a percentage of GDP. Sitharaman said while presenting the budget.

There is no change in the deficit reduction plan for FY26. The fiscal consolidation path announced by me in 2021 has served our economy very well and we aim to reach a deficit below 4.5 per cent next year. The government is committed to staying the course," she said.

For 2024-25, the total receipts other than borrowings and the total expenditure are estimated at ₹12.07 lakh crore and ₹16.21 lakh crore, respectively. The net tax receipts are estimated at ₹2.53 lakh crore. The fiscal deficit is estimated at 0.19 per cent of the GDP, she said.

In absolute terms, the fiscal deficit has come down to ₹16.14 lakh crore against ₹16.86 lakh crore estimated earlier. The government has cut its gross market borrowing target by about ₹12,000 crore to meet the fiscal deficit, the gap between revenue receipts and expenditure.

CREDIT POSITIVE. For 2024-25, the total receipts other than borrowings and the total expenditure are estimated at ₹12.07 lakh crore and ₹16.21 lakh crore.

The gross market borrowing had now been reduced downward to ₹14.01 lakh crore from ₹15.12 lakh crore estimated earlier. "The gross market borrowing through dated securities during 2024-25 are estimated at ₹14.01 lakh crore and ₹14.65 lakh crore, respectively. Both will be less than that in 2024-24," she said. Gross borrowing was ₹16.41 lakh crore, the highest ever in 2023-24.

WITHIN REACH
Gen Fang, Associate Managing Director at Moody's Ratings, said overall the Budget is credit positive and reduction in the estimates places the government's goal of achieving a 4.5 per cent of GDP deficit by FY26 within reach.

"Taking into consideration the latest Budget estimates, we project general government debt to stabilise above 80 per cent of GDP over the next three years down from 89.3 per cent in fiscal 2020-21. We also forecast

Focus is on inclusive growth: PM

Our View
Praveen Singh

Prime Minister Narendra Modi on Tuesday said the Budget empowers every section of society with a focus on inclusive growth. He emphasised that it puts strong focus on both manufacturing and infrastructure development, and the "incentive-linked employment" scheme will create "crucies of jobs".

Noting that over the last 10 years, 25 crore people had been lifted out of poverty, leading to the emergence of a "neo-middle class," he said, "Building on this momentum, this Budget will further energise the aspirations of our neo-middle class. Unprecedented opportunities will be unleashed for our younger generation."

The Prime Minister said the Budget will act as a catalyst in making India the world's third largest economic power and lay the foundation of a 'Viksit Bharat'.

"This Budget is aimed at the growing middle-class, tribals, Dalits and lower socio-economic groups. It brings a new scale to education and skill development," he added. It would ensure economic opportunities for women while also laying down a new path for small businesses and MSMEs. "The Budget gives a fillip to manufacturing as well as infrastructure development," he added.

INCENTIVES GALORE
The Prime Minister stressed on the provisions for higher education and the scheme

STRONG POINTS The Budget will act as a catalyst in making India the world's third largest economic power and lay the foundation of a 'Viksit Bharat' through strong infrastructure development.

for manufacturing to create jobs. According to the report, companies under this scheme will open new avenues of opportunities for youngsters," he said.

AUTUMN LEAVES
On a strong line of economic growth, Modi said the Budget will ensure the middle class has ₹1 lakh in 100 days, he said to the media. It will create more jobs and every village and every home," Modi added.

Stating that the "crucies" are a big focus for the government, the Prime Minister pointed out that schemes such as development of 'A-

griculture Production Clusters', will help farmers in getting better prices for their crops while enhancing the availability of fruits and vegetables in the country. "It is the need of the hour for India to become self-reliant in the agricultural sector. Therefore, measures have been announced to help farmers increase the production of pulses and oilseeds," he added.

ECONOMIC HUBS
Modi said the Budget brings numerous opportunities for India's start-up and innovation ecosystem. The Centre has announced plans for setting up 12 industrial nodes and satellite towns and transit plans for 14 key cities. He said it would enable the development of new economic hubs in the country and create numerous jobs. "Record high capex will become a driving force of the economy," Modi added.

Highlighting the record numbers in defence exports, the Prime Minister said the Budget had presented many provisions aimed at creating an 'atmanirbhar' defence sector. He said in the last 10 years, the government had ensured tax relief for the poor and the middle class. He said decisions of reduction in income tax, hike in standard deduction and simplification of TDS rules will lead to additional savings for taxpayers.
